

Specifications:

Our new range of bicycle parking equipment includes the Parker Bicycle Rest, a pavement-mounted hoop suitable for resting and securing bikes of all shapes and sizes, the Parker Stand and Parker Hoop, both pavement mounted stands suitable for all bikes with tyres up to 55mm wide (i.e. inc. mountain bikes).

Parker Wall-Mounted is a single bike unit which as its name suggests fixes to the wall. All are available in a range of finishes and the pavement-mounted units can be connected to form longer runs of parking.

Parker Bike Rest <i>Bicycles of all sizes and types can be locked to frame Sturdy steel tube 48mm in diameter Post set in concrete or surface fixed</i>
